

To whom it may concern,

This letter will inform you of the high regard I hold for Mr. Phillip Cruse and MXM Enterprises Roofing Division. I recently had a reroof completed by MXM. I knew we had made the right decision retaining MXM after the first day on the job.

The qualities that attracted me to MXM are;

- Most of all, Mr. Cruse is a professional roofer, not a salesman.
- He offers sound advice based on years of experience.
- Mr. Cruse personally supervised key aspects of the job
- His crew was efficient and thorough.

MXM fulfilled all aspects of the contract to my satisfaction in a timely manner. MR. Cruse's experience and professional approach made the entire process easier. I recommend Mr. Cruse and MXM for all your roofing needs.

To Whom it may concern,

After inspecting the condition of the tile on my roof, I decided to look for a company to do the work. I did some searching to find what would satisfy my needs. I chose MXM Enterprises and found them to be forthright and very professional. Mr. Cruse was always on hand so that the workers worked hard to meet perfection. When the work was completed, they left the premises very neat and clean. I am so glad that I chose MXM and Philip Cruse to do the job.

To Whom It May Concern:

The purpose of this note is to share with you the wonderful experience I had with Phil Cruse, owner of MXM Enterprises when he and his crew replaced the roof at my personal residence.

He was there when he said they would be, all were very professional and they cleaned up after each day. Phil explained the entire process to me in detail and I was not faced with any surprises.

The overall experience exceeded my expectations and I could not have been happier with the job they did!

Thank you,

B. Goggans
